MP, India

EDUCATION

B.Tech in Computer Science & Engineering

Gyan Ganga Institute of Technology and Sciences GGITS

CGPA: 8.21

RGPV-2024

Senior Secondary Examination CBSE - Class XII

Maharishi Vidhya Mandir

Percentage: 78.6%

CBSE-2020

Higher Secondary Examination CBSE - Class X

Maharishi Vidhya Mandir

Percentage: 85.4%

CBSE-2018

PROJECTS

Chat-Ease

- Developed an interactive chat application using the MERN stack
- Provided a real-time messaging using web sockets, user authentication and authorization, chat room creation
- The chat application leveraged React Router DOM, a popular routing library for React, to implement seamless navigation between pages
- Technologies used - Reactjs, Expressjs, Nodejs, Socket.io, MongoDB, Mongoose
- prathamgupta22/ChatEase

EazyBuy

- Developed an interactive eCommerce website with a shopping cart feature with secure checkout and integration with payment using Stripe
- Implemented user registration, authentication, and secure login functionality using JWT.
- Provided with Admin Panel to offer CRUD (create, read, update, delete) operations functionality to admin within our website.
- Tech used: Reactjs, Expressjs, Nodejs, Redux, MongoDB, Mongoose
- prathamgupta22/EazyBuy

Movie Magic

- Developed a React Native App which enables code reusability across platforms like Android and iOS reducing development time and effort.
- Fetch movie data from a Movie API to display a list of movies available for booking and details like movie title, poster, release date and ratings.
- Provided an interactive seat map where users can choose their seats and allows users to select the desired movie showtime and book seats in the theater.
- Technologies used - HTML, CSS, JavaScript, Bootstrap.
- prathamgupta22/Movie-Magic

TECHNICAL SKILLS

- PROGRAMMING LANGUAGE :** JAVA, C, C++, PYTHON, JAVASCRIPT, SQL
- WEB TECHNOLOGY :** HTML, CSS, EXPRESSJS, REACT JS, NODEJS, CHAKRAUI, REACT NATIVE, Tailwind CSS, API, REDUX, MongoDB
- CORE SUBJECT :** DSA, CCNA, DBMS, Operating system, Object Oriented Programming(OOPM)
- DEVELOPER TOOLS :** VS Code, Git, Github, PyCharm, IntelliJ, Postman, Jupyter Notebook, Google Collab

EXPERIENCE

RENTUPS

- Role : Worked closely with UI/UX designers to enhance the website's user interface and improve the overall user experience.
- Implemented user registration, authentication, and secure login functionality
- Technologies Used: HTML, CSS, JS, JAVA

MARTIAN INTERNSHIP : JULY 2023 - PRESENT

- Got to learn how to use linux platform and improved my knowledge on core subjects

ACHIEVEMENTS/LEADERSHIP

- Solved 500+ questions across LEETCODE and GFG
- Leader of TEAM RENTUPS AT IT DAY 2023 .
- Volunteering (College Campus Drive)
- won gold medal in National maths olympiad
